Email to: Wendi.Sapp@coyotes.usd.edu

- Visit the US Bureau of Labor Statistics [Occupational Outlook Handbook](#) website and read about a few science careers that interest you.
- Choose one career to write about.
- Specific requirements:
 - 300-400 words
 - No font type or size requirement, but choose something professional
- Content ideas (you are not limited to this list)
 - Why do you think you would be good/bad at this career?
 - What is something that surprised you about the job?
 - How do you feel about the amount of education needed for the career?
 - Is this job hazardous or dangerous?
 - Would you have to live in a particular location to perform the duties of this job? For example, an oceanographer should probably live near an ocean.
- Grading criteria
 - Grammar and punctuation!!
 - I suggest having a classmate read it and check for errors.
 - Professional document
 - No crazy fonts, easy to read
 - Organized content
 - Use appropriate paragraph layout standards (if you need a refresher, [here is a great guide](#))
